Actual Large Print covers may be different from those appearing in this catalog. Prices and dates subject to change without notice.

NEW CATALOG FORMAT PLEASE READ!

Our Simultaneous Publication program puts the latest bestselling titles in the hands of your large print readers while the books are being reviewed, talked about, and shared in book clubs. But we've heard from many of you that it makes tracking your monthly orders a challenge. The problem arises when the release dates of simpub titles fall outside the shipping month of their standing orders.

We think we've found a solution! Beginning with this July catalog, we will list in each standing order all (and only) the books that will ship in the catalog month. In this format, the number of standing order titles will vary by month due to the simpubs, but the annual standing order total will not change.

One important detail: In the transition to the new format, several simpub titles dropped out of this July catalog because they had June release dates. We are featuring those titles on the opposite page, since they did not appear in the June catalog.

Our hope is that this change in format will make our successful Simultaneous Publication program clearer on the receiving end, minimizing any confusion about what's arriving in your library each month. As always, we'd love your feedback!
